

IEW® IMPACT EDGED WEAPON – TJA Instructor Certification Course

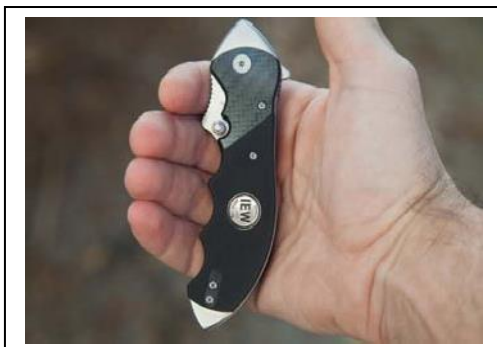

COURSE LOCATION: Scheduling Nationwide

COURSE DATES: TBD

COURSE PROFILE: The *NEW* IEW® is the most progressive, concealable Impact weapon ever developed. The one-day instructor certification training program provides national certification and instructs low profile, offensive, incapacitating blunt force trauma techniques with its strikes points. The forward/rear strike points deliver high energy fluid shock wave transfer to soft tissue in the thigh or arms. The course was designed and developed to provide a low profile, powerful approach to impact weapon use with in-close confrontations as a replacement/addition to expandable police batons. The IEW® was designed by one of the nation's leading use of force experts and Instructor-trainer, *Thomas J. Archambault*. A pioneer-trainer in the impact weapons field since the late 70's.

Training Covers:

- Use of the IEW® & the TJA Ladder of Force - Use of Force Continuum
- Nomenclature, functioning and use & applications of the IEW®
- Target areas, muscle/bone edge strike locations dependent on the threat
- Hands-on drills & exercises
- Written examination
