Hospital Security & Safety
Specialized Use of Force
Instructor Certification Course©

Course Location: St. Alexian Medical Center
Hoffman Estates, Illinois

Course Dates: December 9-13, 2013 0800-1600 hrs

Course Profile: A five day intensive and extensive Use of Force training program covering critical aspects of use of force techniques & tactics by today’s Hospital Police, Security & Safety Officer. Developed within national, Federal parameters of use of force by Hospital police & security officers, the program follows escalation & de-escalation of force based on the highly acclaimed, court proven “Ladder of Force Continuum©.” This continuum has been recognized as a standard for juries in Federal Court cases since 1986 in better understanding police & security use of force actions. This nationally recognized and continually updated course has been designed and developed to protect departments from costly liability and workman compensation issues resulting from inadequate training in the proper and judicious control of passive and violent subjects.

Training Agenda Addresses the Following Topics:

- **Day 1-2 Control & Restraint Techniques – Instructor Certification,**
  Understanding the four types of anger, key verbal de-escalation techniques, body space parameters, understanding body mechanics, joint locations, body engine theory, dynamics of control & restraint. Hands-on easy-to-learn & retain control & restrain techniques, realistic handcuffing tactics, use of restraints for handling EDP’s, juveniles, elderly persons and person sprayed with OC.

- **Day 3 – “Updated” OC Aerosol Spray – Instructor Certification,** addresses all spray patterns, formulations, manufacturer’s products, latest spray & riot canisters. Latest up-to-date decontamination methods, decontamination product availability, medical aspects and national OC issues with training considerations. For 23 years this course has been considered the leading OC course in the U.S.

- **Day 4 – Emergency Response Belt – Instructor Certification,** covering the highly acclaimed tough-cloth protective and restraint device. Since 1990, carried on the belt with handcuffs & OC Spray, it is regarded as the premier device for controlling, moving and transporting violent patients/subjects with ease.

- **Day 5 – Edged Weapons Awareness & Spontaneous Response Instructor,** the most realistic, proven and retention designed training system in the world today. Developed in England, this system has been documented to save more than 2000 officers lives to date. Since 9/11 personal possession of knives has increased 250%!
Certification & Instructor: All of the TJA Protect-Systems-International programs are fully certified and recognized throughout the United States for 30 years.
